Rhubarb has been visiting various Boston Public Library locations and is the first Eurasier to be awarded AKC's Therapy Dog Novice title! Although far from the only Eurasier Therapy Dog, it's still quite special to be awarded this title & to be representing the breed to the community in this way.

Rhubarb works with DOG B.O.N.E.S in Massachusetts, an organization that has been providing certified & insured Therapy Dogs to the community since 2002.
